® Herta Cat Furniture

The Ultimate in Cat Furniture – When you take your new kitten or cat home you suddenly find there are a list of necessities needed to make kitty comfortable. Food bowls, a litter box, a couple of toys to keep them happy, those are just a few of the items needed.

What you do forget is that kitty needs to exercise those claws, and your furniture is a good place to start. That is unless you invest in a good safe scratching surface or tree to encourage your cat to do what comes naturally and save your furniture from being shredded.

KONG Wobbler

The KONG Wobbler for Cats provides great mental and physical stimulation for the household cat. With its entertaining wobble action, the cat Wobbler makes playtime fun and rewarding by dispensing small treats. Used as a mealtime feeder, it also slows rapid eating and helps fight boredom and obesity by encouraging cats to work for their food. The fun, floppy catnip-stuffed tail on top invites play and helps cats wobble the toy to dispense treats. Plus, the translucent top lets cats see the food inside moving around, which naturally attracts them to hunt and capture the “prey” inside. Made in the USA from FDA approved food-grade materials, the KONG Cat Wobbler is a durable, easy-to-use food and treat dispenser. Simply twist off the top, add a handful of treats, or up to ½ cup of dry food, and replace the top.

Catit 2.0 Senses Digger

The Catit Senses 2.0 Digger encourages cats to work for their food/treats in a fun and natural manner. As cats are true hunters, they need to be able to search and locate food in different locations around the house. The Senses 2.0 Digger incorporates this idea as part of the Senses 2.0 vision, with a smart design that activates your cat's natural pawing behavior during playtime. Hiding kibble or treats in the Digger's multiple tubes plays on a cat's instincts to sniff and paw out smaller portions of food, which stimulates activity and reduces binge eating. The Senses 2.0 Digger includes 3 short, narrow tubes, 2 long, wide tubes, a stable base and a rubber mat to lock the product in place. The tubes have rounded ends, making them easy to use and clean. The Senses 2.0 Digger is great individually or in combination with other Catit Senses 2.0 products.

Catit Senses 2.0 Food Tree

The Senses 2.0 Food Tree was based on the original Catit Food Maze, combined with several major design upgrades! The Food Tree is difficult to knock over thanks to its new broad stable base, and the top opening was reduced to prevent cheating cats from directly accessing the kibble. The Senses 2.0 Food Tree is the feeding solution for cats that tend to eat quickly. Cats are required to move the kibble or treats from the top to the bottom of the tree by pawing at it through the side openings. The kibble ends up in the whisker-stress free bowl, which prevents spillage. The Catit Senses 2.0 Food Tree can be set to various levels of difficulty by rotating the middle disc and adjusting the opening sizes. As cats are true hunters, they need to be able to search and locate food in different locations around the house. The Senses 2.0 Food Tree incorporates this idea as part of the Senses 2.0 vision, with a smart design that activates your cat's natural pawing behavior during playtime. OurPets Scratch N Sniff Scratchers

Scratching is a cat's natural method of shedding the outer nail layer of their claws, helping to maintain healthy claws and paws. The OurPets® Scratch-N-Sniff scratchers provide you cats with the benefits of a regular cat scratcher and the added benefit of micro-encapsulated catnip aroma bursts, made with North-American-grown catnip. Millions of micro-encapsulated catnip oil are embedded in the corrugate surface and only release a catnip aroma when your cat scratches to break the capsule. This means that you do not have to add messy catnip flakes to attract your cat. Since the catnip aroma is built-in and only activated by scratching, your cat will be interested for longer because the aroma will not fade as quickly as regular catnip. This way there will always be more catnip for later! Available in 2 sizes.

OurPets Bird in a Cage

OurPets® Bird in a Cage makes every cat's fantasy of teasing the bird of the house a reality. As this lifelike bird cat toy flutters around in its cage, while making the RealBird™ sound, your cat will have no choice but to enter into hunting mode! This will engage your cat in plenty of physical activity and mental stimulation. This lifelike Bird in a Cage cat toy features: •A real bird that jumps, flutters, and makes the RealBird sound •A no tangle, durable string •Wobble base that ensures the toy will stand upright during play.

OurPets Whirling Wiggler

The OurPets® Whirling Wiggler spinner toy was developed to indulge your cat's inner hunter. It's not uncommon to see cats lunge, jump, and dive after insects and butterflies. The Whirling Wiggler™ allows your cat to stalk and hunt safely with each movement and vibration. It's also great for cats that need to stay occupied and need a little extra exercise! The double butterflies allow this toy to have two flight modes, chase and play. The wire slider lets you change the flight modes of the butterflies. The Chase flight mode (wire slider down), means that one butterfly is flying freely, while the other is chasing closely behind. Play flight mode (wire slider up), lets the butterflies fly in sync as they playfully flutter around the base of the toy. OurPets® Whirling Wiggler has an easy twist-off base that allows you to place two AAA batteries into the toy. Flip the switch to on and watch your cat bat at the two fluttering butterflies.

Soft Paws Feline Nail Caps

Features: Developed by a veterinarian, Soft Paws are vinyl nail caps that glue on to your cat's claws. It covers the claw tips so no damage occurs when your cat scratches. Soft Paws are an excellent alternative to declawing. They are easy to apply at home and cats and their owners love them. They are completely safe and humane and can be used on cats of all ages.

Each package of Soft Paws contains 40 nail caps, 2 tubes of adhesive, applicator tips and easy to follow instructions. One package contains enough nail caps for 4 applications on Kitty's front paws. The adhesive is the same type of adhesive used in many veterinary procedures. The caps and dried adhesive are non-toxic and completely safe. Soft Paws will not interfere with the normal extension and retraction of your cats nails. Your cat can still scratch with Soft Paws allowing normal stretching and scratching behavior to continue. Just no damage will occur. Most cats tolerate Soft Paws extremely well. The vast majority of cats don't even know they are wearing them.

Sizes available:

Kitten - Soft Paws will fit most kittens by the time they reach the age of 12-16 weeks. To test, try a nail cap on first without the adhesive. If it looks too big, don't glue it on. The nail cap should fit snugly, like a glove. The nail caps can also be trimmed to fit if needed. Kittens up to about 5 months of age and 5 pounds body weight generally fit into the kitten size. It is best not to trim kitten's nails before application because their nails are so small.

Small - Approximately 6 months of age. Approximately 6-8 pounds.

Medium - Approximately 9-13 pounds. Most adult average size cats wear medium.

Large - Approximately 14 pounds and up. Very large-boned and large-breed cats wear large. Maine Coons, for example, are very large cats and generally wear large.

PetSafe Scoop Free Self Cleaning Litter Box

ScoopFree® self-cleaning litter boxes can be left alone for weeks at a time. It is the only self-cleaning litter box that uses disposable litter trays to provide hands-off convenience and unbeatable odour control. Simply plug in the box and watch it work. The automatic rake system sweeps waste into the covered compartment 20 minutes after your cat uses the litter box. Safety sensors will detect if your cat re-enters the box and the 20-minute timer will reset. The litter box uses a special crystal litter, packed in a convenient disposable litter tray, that's 5 times more effective at reducing odour than clay or clumping litters. Your cat will always have a clean, fresh-smelling litter box, and you'll enjoy a home that's effortlessly odour-free. Replacement Crystal Litter trays available to purchase separately.

LitterLocker Design Plus Pail - **New!**

The LitterLocker soiled litter disposal system is completely odorless thanks to its multi-layer barrier film. Soiled litter can be stored in the LitterLocker for up to 2 weeks, but can be emptied at any time by the cat owner. The refill, which holds the barrier film, lasts up to 2 months on average. Refills are made of a plastic multi-layer barrier film that uses the Air-Seal technology, thus making the system completely air-tight. Revolutionary breakthrough in litter maintenance: No more running around for grocery bags :1 refill saves up to 60 grocery bags. No more trips to the garbage bin. One refill lasts up to 2 months for 1 cat. The LitterLocker Design Plus pail, unique in the market, effectively locks in odors and bacteria thanks to its Air-Seal technology. Its multi-layer, barrier bags guarantee you a clean, odorless environment. And its new square refill makes scooping easier.

PetSafe Microchip Cat Flap - New!

The PetSafe® Microchip Cat Door is the perfect solution for giving your cat freedom to come and go while keeping unwanted friends outside. The door reads your cat's unique 15-digit microchip ID, and only allows access to the programmed pet – no more raccoons or stray animals in the kitchen. The PetSafe® Microchip Cat Door can program up to 40 pet identities, great for multi-pet households. The manual 4-way lock feature allows you to control your cat's access, allowing you to lock it at night to keep your kitty safe inside. This door is powered by 4 AA Alkaline batteries and has an estimated 12 month battery life. The low battery indicator light will flash red when it's time to change batteries. The PetSafe® Microchip Cat Door will help give you peace of mind while letting your cat come and go freely. Microchip Compatibility Checker :PetSafe® microchip-enabled products will only work if your cat has been fitted with a microchip. At present, some older and non-standard microchips may not work with our products. You can check to see if your pet's embedded microchip will work by entering the microchip number in the box below and clicking the "check" button. **Features:** •Selective Entry – Uses RFID to read your cat's microchip, allowing your cat access without letting in stray animals—learns up to 40 identities; programmable collar keys are sold separately for cats without microchips •Microchip Compatibility – Works with 15-digit microchip numbers; if unsure of your pet's microchip number, you can ask your veterinarian or local animal rescue •Versatile Installation – Out of the box installation into wood, PVC and uPVC; metal, glass, brick and wall installation will require additional accessories (sold separately) •Energy Efficient – Weather stripping and two magnetic locking points increase insulation and help keep out drafts •Manual Lock – The 4-way manual lock allows you to control access of your programmed cats; set the lock to 'In or Out', 'In Only', 'Out Only' or 'Fully Locked' •Battery Powered – Uses 4 AA non-rechargeable alkaline batteries (not included); estimated battery life up to 12 months depending on use •Low Battery Indicator – Light flashes red when batteries are low and indicates batteries will need to be replaced soon •4-way lock: in only, out only, open, and locked. •Flap opening on this door is 5.9" x 5.5".

Catit 2.0 Flower Fountain with LED lighting - New!

Combining the unique design cats love with some new features never seen before, the Catit Flower Fountain just got an upgrade. The Catit Flower Fountain LED's compact 3 L (100 fl oz) water reservoir was designed to take up little floor space. The new features include an LED light, which makes the fountain light up at night, and a handy water level indicator so that your cat's water will never run low. The unique petal top feature pours water into the six pockets, allowing your cat to drink even when the fountain is turned off. The Catit Flower Fountain LED allows up to 3 different water flow settings to appeal to picky drinkers! Cat owners can switch between gently flowing water, faucet-like streams of water, or streams of water with a bubbling top. The fountain provides clean, cool water at all times by pushing only filtered, running water to the surface. It is easy to disassemble and clean and has an ergonomic design which helps prevent whisker stress and feline acne. It includes a triple action filter, which helps prevent urinary tract diseases. Additional replacement filters are available separately in a pack of 2 (#133011) or a pack of 5 (136986).

PetSafe Come With Me Kitty Harness and Bungee Leash - **New!**

The Come With Me Kitty Harness and Bungee Leash can help you enrich your cat's life with the sights, sounds, and smells of a safe outdoor experience. It gives you gentle, comfortable control of your cat or kitten. Now you can share enjoyable walks, exercise, and playtime outside your home. The bungee leash was specially designed to gently and securely control your cat. When your cat moves forward, the leash flexes with your cat's movement and tightens across the harness shoulder straps. This removes pressure from the delicate throat area, preventing your cat from choking or escaping. **Features:** •Unique bungee leash design provides "give" when your cat approaches the end of the leash •Adjustable harness creates a custom fit for your cat. •Dual adjustment points give a snug, safe fit •Harness design applies gentle pressure to shoulders, not throat, to safely restrain your cat •Made of nylon •3/8 inch wide. Available in 3 sizes and 2 colors.
